

Attending AFLBS is a wise decision because it enables each individual to have a more solid **foundation** on understanding who God is and the role that He has in their life.

Coming to AFLBS has **prepared me for future schooling** by giving me an opportunity to more gradually transition into the intense academics of college.

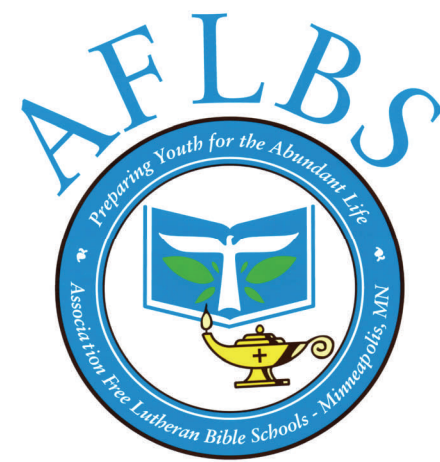

I have been greatly encouraged and **strengthened in my faith** while at AFLBS because of the constant focus on God's Word and how it can be applied to my life on a daily basis.

-Micah Horneman

Student Body President 2008-2009

The education received at AFLBS is completely **unique**. There are not many places you can go to devote an entire *two* years to studying the Word and growing in your relationship with the Lord. I have been **prepared** for my future college and career choices in two main ways. The first way is that I have received a Biblical foundation that has **prepared me to defend my faith** in the secular world. The second is that many doors for **future ministry** have been opened through AFLBS and that is the "career" I feel called to. One of the many ways my faith has been strengthened is in my personal walk. I've learned the importance of having a **faith that is my own** and how to live that out.

AFLBS has been a great **compass**— I have received a great sense of direction and guiding in my life. It has helped me not to just wander aimlessly, but to live with a purpose and a conviction of faith that was planted at home and is now growing every day. - Hannah Voth

My experience attending AFLBS has been very positive. I quickly found my fit in the yearbook/ journalism class, which caused me to "get out there" and interact with all the students. AFLBS prepares students for the real world and produces caring and well-read young people for Christ. Here you learn that salvation is never based on good works, but found only in the grace of the Holy Spirit through Jesus Christ. As a Christian we are never perfect, but are always moving forward in our faith.

-Molly McConnell

CHALLENGING STUDENTS TO GROW IN THE TRUTH...

AFLBS – a 2 year college level school of the Bible

At **AFLBS** I have learned how to really **study the Bible**. I've learned why I believe what I believe, and I've made friends from all over the country. It's been amazing!

-Lexi Knudson

By coming to **Bible School**, I have been placed on the firm foundation of God's Word and feel more adequate to do whatever God calls me to after my two years here. AFLBS has brought me to stand on **Christ the Solid Rock**.

-Nathan Olson

AFLBS has been preparing me for college and adult life by providing a safe place for me to transition from the shelter of my home to a more independent lifestyle. It has also been a good place to become accustomed to a traditional school setting. AFLBS is giving me a foundation in the scriptures that will benefit me all my life. It is a blessing to be able to discuss the Bible and many other topics with other believers. I appreciate living in an environment where **the Bible has the last say** about any topic.

-Carolyn Kylo
